

ELECTIVE COURSES: STUDENTS SURVEY RESULTS

2024–2025 y. Spring semester

REFERENCE PERIOD:

From April 2024 m. to June 2025

AIM:

To analyze students' opinions on elective study courses and the quality of their teaching.

Questionnaire:

The quality of elective study courses was evaluated based on 14 criteria. Students expressed their opinions using a five-point rating scale: *"Strongly Agree," "Agree," "Neither Agree nor Disagree," "Disagree," "Strongly Disagree."*

SURVEY RESULTS:

The elective study modules offered in the spring semester of the 2024–2025 academic year and the quality of their teaching were evaluated positively by students; however, due to insufficient student participation in the survey, the results are not statistically representative and therefore are not suitable for public dissemination.

Information on the measures implemented in response to students' previously expressed feedback can be found in the section *"You said, we did."*
