

Building Resilience and Networks for the Digital Future

Kauno kolegija, Lithuania

2025 | 7-11
April

PROGRAMME

Time	Activity	Place, other comments
Monday, 07 April		
09.00-12.00	Teaching (if scheduled and relevant for those who planned it in his/her visit) We encourage aligning your contributions with the main topic areas: resilience, digitalization, networking. However, the lectures should be relevant for the students studying in the fields of Business and Public Administration, Arts, Agricultural Sciences, Computing, Education sciences, Engineering Sciences, Health Sciences, Humanities, Social Sciences, Technological Sciences, see: https://www.kaunokolegija.lt/en/study-programmes-types/	Place to be confirmed (tbc) according to the individual schedule
15.00-19.00	Advancing Regional Resilience through Collaboration and Innovation - Showcasing KK collaboration in the region and further development under the EU Recovery and Resilience Facility (collaboration initiatives between KK Alytus Faculty and local stakeholders, presentation of the project under the RRF; how education and training programmes are meeting regional priorities and challenges); - Exploring international RDI opportunities (identifying Alytus region's unique strengths for international RDI opportunities, ideas for enhancing resilience through education, innovation and digital transformation); - Informal networking (exchange ideas over meal and refreshments).	Location: KK Alytus Faculty (Alytus City) Transportation to Alytus will be provided: from Vilnius airport – at 13.15; from Kaunas – at 13.30, further information tbc
Tuesday, 08 April		
tbc	Teaching (if scheduled and relevant for those who planned it in his/her visit)	
10.30-11.00	Registration, coffee	Location: Kauno kolegija, Pramones pr. 20, Kaunas
11.00-13.00	Official Opening of the International Week A forum “The Role of European University Alliances in Shaping the Future of Education and Research” Through thought-provoking presentations and dynamic panel discussions, the event will emphasize the added value of international networks and collaborations. It will explore how European University Alliances (EUAs) are driving transformation in education and research; it will also spotlight the role of EUAs in building stronger partnerships with social and industry stakeholders, showcasing how these alliances empower universities of applied sciences to address contemporary challenges and seize new opportunities in education and research.	
13.00-14.00	Lunch	
14.30-16.00	Networking Fair (for students and staff) with possibility for: - networking with KK academic and other staff and also presenting your institution for students; - pitching your institution (5 min).	You are kindly asked to bring materials presenting your institution or to send by mail until 15 March 2025 Address: Kauno kolegija, International Office, Pramones pr. 20, Kaunas, LT-50468, Lithuania
18.30	Dinner	place tbc
